

February 12, 2014

Dear Faculty Colleagues:

On behalf of the selection committee for the University Faculty Lecturer, I am writing to invite you to submit nominations of faculty colleagues, one of whom will be selected to present the 2014-15 University Faculty Lecture.

Nominations will be accepted through Monday, March 17, 2014. This award, established in 1974, is intended to honor current or emeriti faculty whose research, scholarship, or art is widely recognized by their peers and whose achievements have had a substantial impact on their profession, on the research or performance of others, and perhaps on society as a whole. For a list of recent awardees, please see the attached list.

In addition to honoring the recipient, the award is designed to increase awareness, both within and outside the University, of the nature and significance of original work being done by outstanding faculty members. Accordingly, the recipient is asked to present a lecture open to the University community and the general public.

You are in a unique position to recognize and forward names of appropriate nominees.

Your nomination letter should address the following attributes of the nominee:

Significant accomplishments and impact,

Speaking ability,

Ability to adapt his/her academic interest to a broad audience

Please also identify a possible topic you believe the nominee would address in the lecture.

Enclose with your letter of nomination the candidate's vitae, and a maximum of three additional letters of support for the nomination.

Please send nomination materials to the Secretary of the Faculty, [by email](#) or Box 351271.

Thank you for your assistance.

Sincerely,

A handwritten signature in black ink that reads 'Marcia Killien'.

Marcia Killien

Secretary of the Faculty

Chair, Selection Committee for the University Faculty Lecturer
